SENTERA CONTROLS

KD–XX-M20
Rubber grommet

KD-XX-M20 are general-purpose grommets providing a tight sealing for cables and IP67 waterproof cable routing and anchoring. They are made of high quality rubber and are available in 3 colours.

Key features

- Dust and water tight sealing
- M20 metric size
- Ideal where space is restricted - less protrusion and space needed
- Automated production process ensuring the same evenness and high quality of the product
- Resistant to common fluids and solvents
- Simple, quick and easy to install
- Sealed before and after cable installation without the need of any plugs
- No need for threaded holes or lock-nuts
- Cost effective solution

Area of use

For use in areas where cables and wires need to be safely inserted through the walls of enclosures

Technical specifications

Material	Rubber TPV
Protection standard	IP67 (according to EN 60529)
Temperature range	-60—135 °C

Article codes

Code	Sealing range	Colour
KD-WH-M20		white (RAL 9010)
KD-LG-M20	7—10 mm	grey (RAL 7035)
KD-BK-M20		black (RAL 9005)

Standards

RoHS Directive 2017/2102/EU

CE

Dimensions

11,6 mm
1- 4 mm
Ø 19 -20 mm
7 - 10 mm
Ø 25 mm
Wall enclosure
1 mm

Packaging

W

100 PCS
plastic bag
