FI-E33180E2 SDP-M010-AT	Variable speed control for 3-phase 230 Volt motors. The maximum motor current is 18 A. The fan speed can be manually set via the remote potentiometer. At OFF position, the motor stops (the potentiometer output value is 0 % by default). The supply voltage is 3-phase 230 Volt.			Set frequency inverter parameters: P30=auto_0
